

***PET PREDICTABILITY -
State-of-the-Art SOCKET
SHIELD***

Dr. Howard Gluckman

Case by Dr. Howard Gluckman

Clinical Case: This is what one wants to see with PET No inflammation, No internal exposure

Case by Dr. Howard Gluckman

Clinical Case: Total maintenance of buccal of central incisor contour compared to collapsed ridge of adjacent implant

Case by Dr. Howard Gluckman

Clinical Case: Interproximal papillae made possible by socket shield

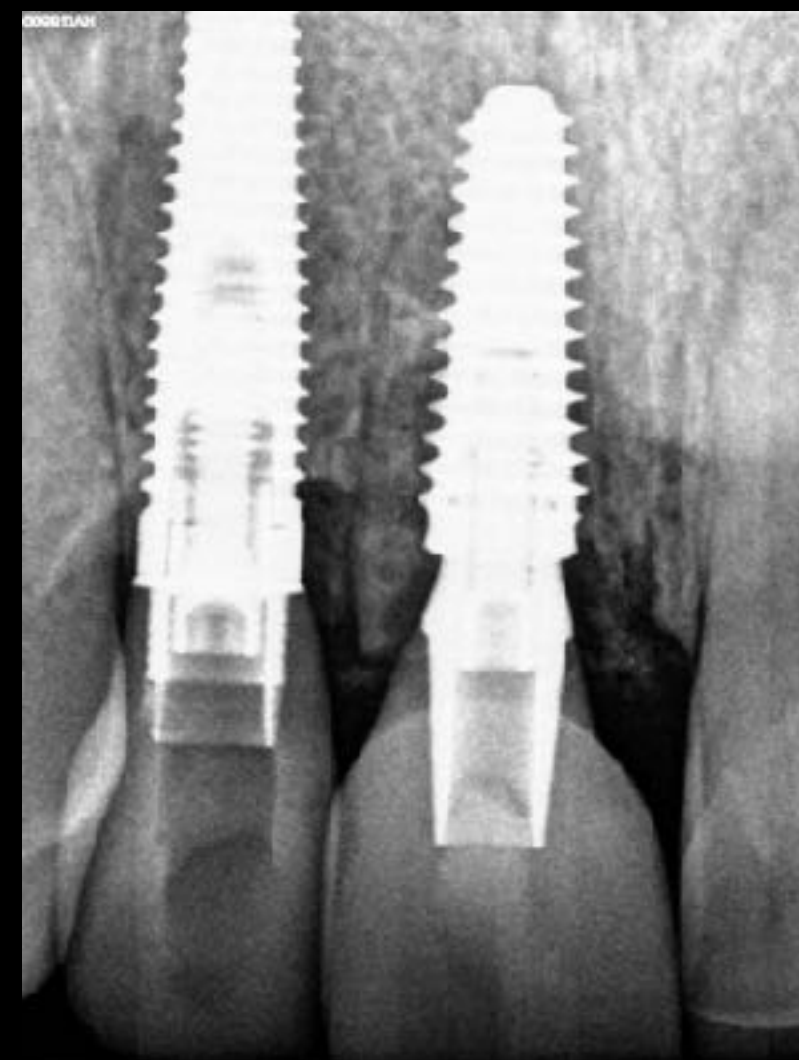

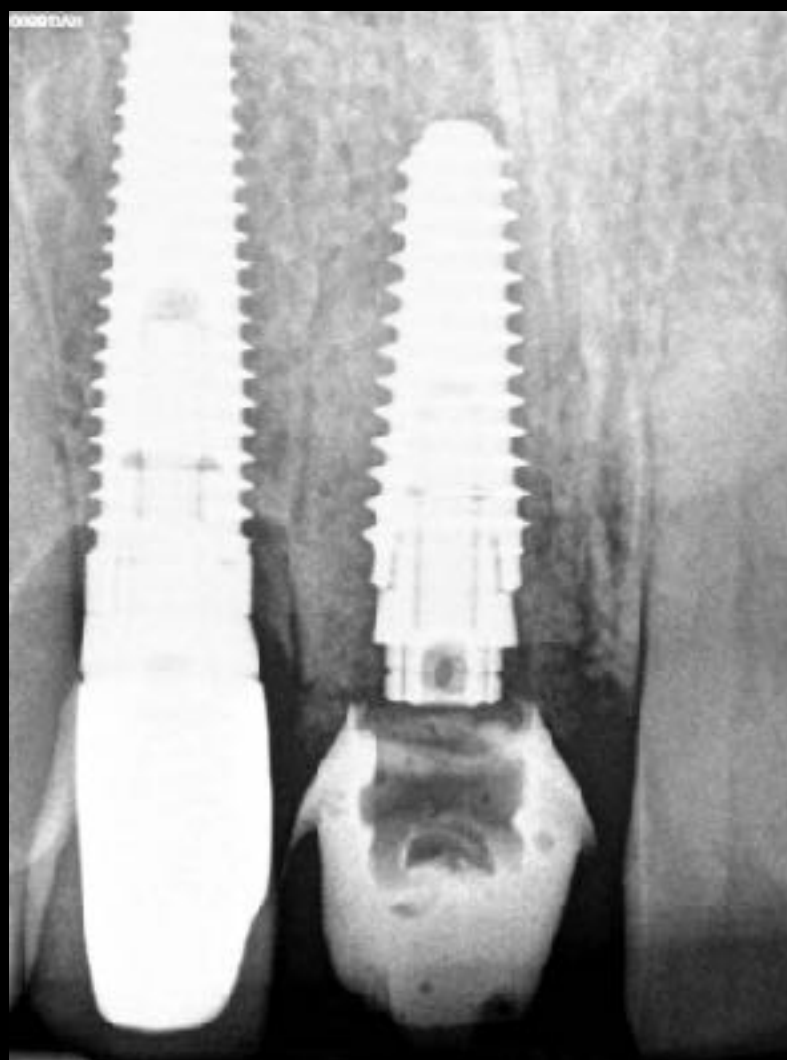

Case by Dr. Howard Gluckman

Clinical Case: Final crowns by Dr. Mark Bowes & technician Shane Hansen from Diceram.

Case by Dr. Howard Gluckman

Clinical Case: Socket shield versus older implant is clear to see - collapse of ridge, although minor in this case, is clearly visible

Case by Dr. Howard Gluckman

Clinical Case: Radiographs showing clearly that socket shield & PET are here to stay & will be most utilized technique in future
